EDUCATION

University of New Mexico | Bachelor of Science in Computer Science — Jan. 2019 – Dec. 2022
- GPA: 3.97/4.0
- Minor: Mathematics

EXPERIENCE

Software Developer 1 — Mar. 2023 – Present
New Mexico Environment Department | Santa Fe, NM
- **Building** several single page applications (**SPAs**) for internal use and for the people of New Mexico
- Technologies used: **HTML, CSS, Vanilla JavaScript, Node, Express**

Frontend Developer — Feb. 2023 – Mar. 2023
Great Plains Partners Venture Group | Manhattan, KS
- Worked as a contractor to **create** and **deploy** a responsive multi-page website of the company
- Website link - https://greatplainsventures.com
- Technologies used: **React, Netlify**

Software Developer Intern — Sept. 2022 – Dec. 2022
New Mexico Administrative Office of the District Attorneys | Albuquerque, NM
- **Developed** a **web application** to streamline and digitalize the procurement and requisition process from paper forms to electronic forms
- **Created** a dashboard for users to access all the required forms at one place
- Technologies used: **React, Bootswatch, PostgreSQL**

PROJECTS

Personal Website — Aug. 2022 – Sept. 2022
- Created a **responsive** personal website using **HTML**, **CSS** and **React** to highlight my education, skillset, and experience
- Used various **AWS** services like Amplify, Lambda, API Gateway, CI/CD pipeline to deploy and manage the website

Weather Forecasting Website — Sept. 2022 – Oct. 2022
- Created a weather forecast website using **HTML, CSS** and **React** to get live weather conditions of a city and upcoming weather forecasts for the next 5 days
- Used a **REST API** to fetch weather data and displayed it onto a dynamic **UI** that allows users to see the weather either in °C or °F
